

Development Log

Date	Commit	Contributor
Jan 30	Test Deleting Test	Devin Devin
Feb 03	Initial project commit	Devin
Feb 04	Added database.h and cpp Added members Added select function to Table Fixed compiler errors, added openTable testing to Main add cars.db file Various changes	Miguel Corey Devin Miguel Miguel Devin
Feb 06	Created a test table in main findtableindex added findTable functionality to Database Minor fixes Added table data members Added Table constructor for CREATE command data members Added TableAttribute Class #include TableAttribute.h to table.h Writetable Added implementation for CREATE Table constructor Added close Added find attribute/change attribute in Table.h Added table from file constructor Added showTable implementation Minor changes Fixed table issues	Sergio Corey Devin Corey Miguel Devin Miguel Sergio Miguel Corey Devin Corey Sergio Miguel Devin Devin Devin
Feb 09	closeTable Added findattributebyname & changeAttributeName Fixed formatting of showTable Modified findAttribute by Name Delete from table Added insert implementation Formatting cleanup Set union function Fixed createTable and constructor fixed deleteFromTable	Corey Sergio Devin Sergio Corey Devin Devin Devin Devin Devin Devin
Feb 09	Added Database & Table Update	Sergio

	Union functions and table getters Random warning fixes Fixed updateTable Added newline to writeTable Finished Union function Finished setDifference naturalJoin	Miguel Miguel Devin Devin Miguel Miguel Miguel
Feb 10	Fixed rename attributes Select finalized changed names Conditional select work Size_t to remove warnings Updated user Interface Modified Selects functions (primary keys) made join work added select functions added unit test moved line added tests to main added crossProduct project operations added database entries rename Attributes relation more work on natural join	Devin Sergio Miguel Devin Miguel Devin Sergio Miguel Sergio Devin Corey Corey Devin Corey Miguel Corey Miguel
Feb 11	Started Parser Implementation	Devin
Feb 12	Fixed Natural Join so it displays (N/A) if no corresponding data	Miguel
Feb 13	Finished Parentheses Parser Some fixes and Parser insert Updates to parser worked on update function insert and delete functions fixed	Clement Corey Devin Corey Corey
Feb 15	Added parsing of UPDATE command Added parsing of DELETE command Created placeholder for executing DELETE command Updated exception handling Added parsing of CREATE command Wrote functions for combining tables and projecting Helped fix project and table combine functions Added infix to postfix converter	Devin Corey Devin Miguel Devin Corey Miguel Devin
Feb 15	Added implementation for CombineTable	Corey

	Fixed errors/warnings	Miguel
Feb 16	Added some test data Started work on INSERT command Added tableExists function Fixed some test functions Added placeholder for evaluateExpression Started work on evaluateQuery Removed writes from table operations Fixed union function Started evaluateExpression implementation Fixed build Added evaluation of operations (+, -, *, JOIN) Fixed union/difference Fixed some things in expression evaluation Fixed function parameter matching Fixed more things in expression evaluation Comment cleanup	Corey Corey Miguel Corey Devin Miguel Corey Miguel Devin Miguel Devin Miguel Devin Miguel Devin Miguel
Feb 17	Left-justified SHOW text Code cleanup, esp. for evaluateExpression Added implementation for project and rename Rewrote INSERT parser function Added tests, fixed INSERT based on test results Revamped select function for conditions Updated unit test for select implementation Cleaned up comments	Miguel Devin Devin Devin Devin Miguel Devin Devin
